EOC Operations & Planning for All-Hazards (MGT 346)
September 13-15, 2016

This 3 day course focuses on the core functions, processes and best practices necessary to ensure effective and repeatable performance of an emergency operations center at any level. The core functions and processes are reviewed and demonstrated via facilitated discussion and classroom activities. The participants gain practical experience via a series of interrelated activities and exercises supported by a state-of-the-art computer simulation system and are coached by instructors who have extensive emergency operations and management experience.

The course offers the opportunity for participants to practice emergency management and to gain practical experience in individual and group processes necessary to manage an EOC. Each participant will gain a better understanding of the management requirements and skills necessary to effectively coordinate and support the response activities during a large-scale event.

Eligible participants include part and full time emergency management and response personnel who currently work/assigned in an EOC at the state, local, tribal or DOD installation level.

Course Location: The course will be held in the MEMA Emergency Operations Center. The Central Maine Commerce Center is located at 45 Commerce Drive off Route 27 in North Augusta. **Classes will run from 8:15 a.m. to 4:30 p.m. daily.** Lunch and breaks will be provided; lodging for those traveling more than **50 miles from their work base** maybe provided per direct billing at a designated facility. All other expenses are the responsibility of the student
